

You can borrow or use so many fun and helpful things!

The library is more than just books, magazines, DVDs and BluRays, audiobooks, and eResources.

To help with learning, fun, and creative pursuits we have a selection of equipment that can be either borrowed or used in the Library

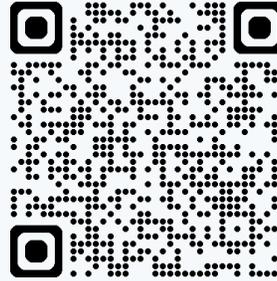

Some of these items can only be signed out by Sheep River Library Members. Please visit one of the webpages on the back for more information.

All items must be returned to the Sheep River Library desk during open hours.
